

# Get more from every order with Nutrislice Pro.

Nutrislice Pro pairs the informative digital menus from Nutrislice Essentials with the power of mobile ordering and payments. It provides a complete solution for foodservice operations of all sizes to deliver a modern meal ordering experience filled with the contactless options customers love, all while maintaining efficient operational workflows and reducing costs.

## An engaging experience your customers will love.

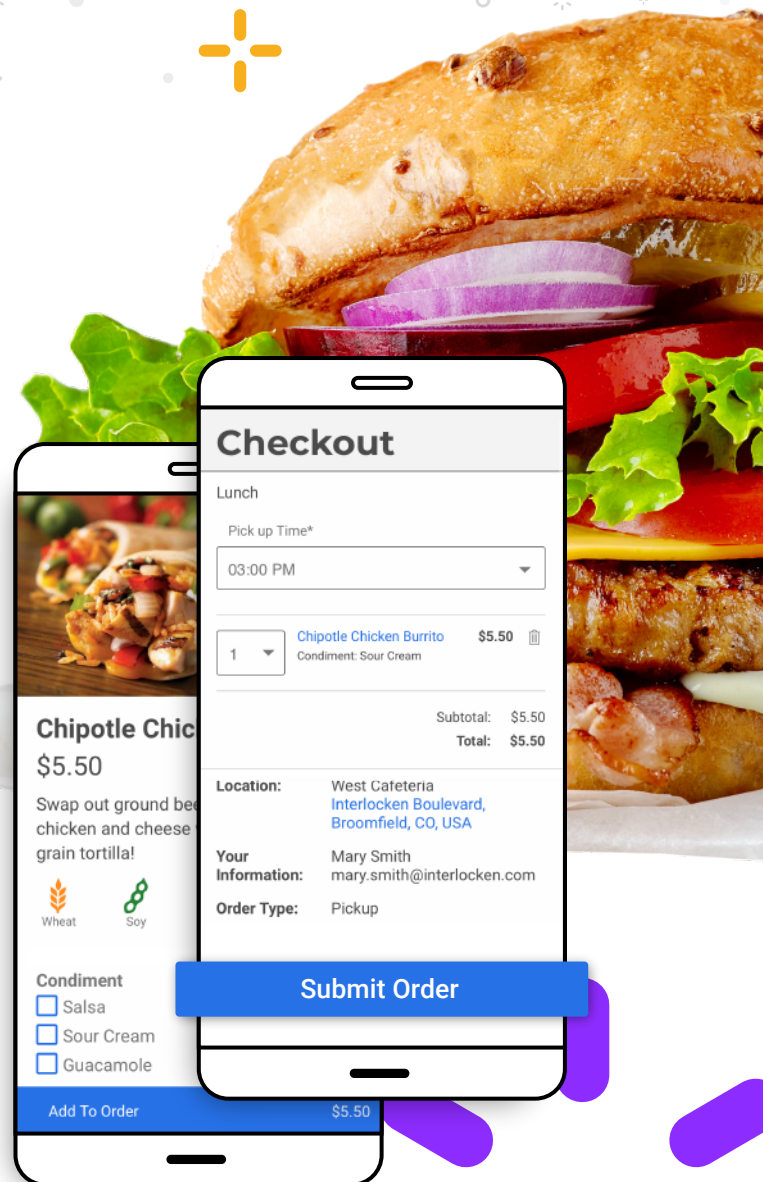

Give your customers the quick, modern, and personalized mobile ordering experience they now expect from every dining venue.

### Powerful personalization.

Our intuitive, easy-to-use interface makes it simple for your guests to browse available ordering locations and personalize menu views, meals, and nutrition information.

### Offer pickup, delivery, or both!

Offer up several pickup locations or delivery options that smart-update to your configured settings. Leverage timeslots, peak throttling, and more by site or even down to menu-type.

### Intuitive user experience.

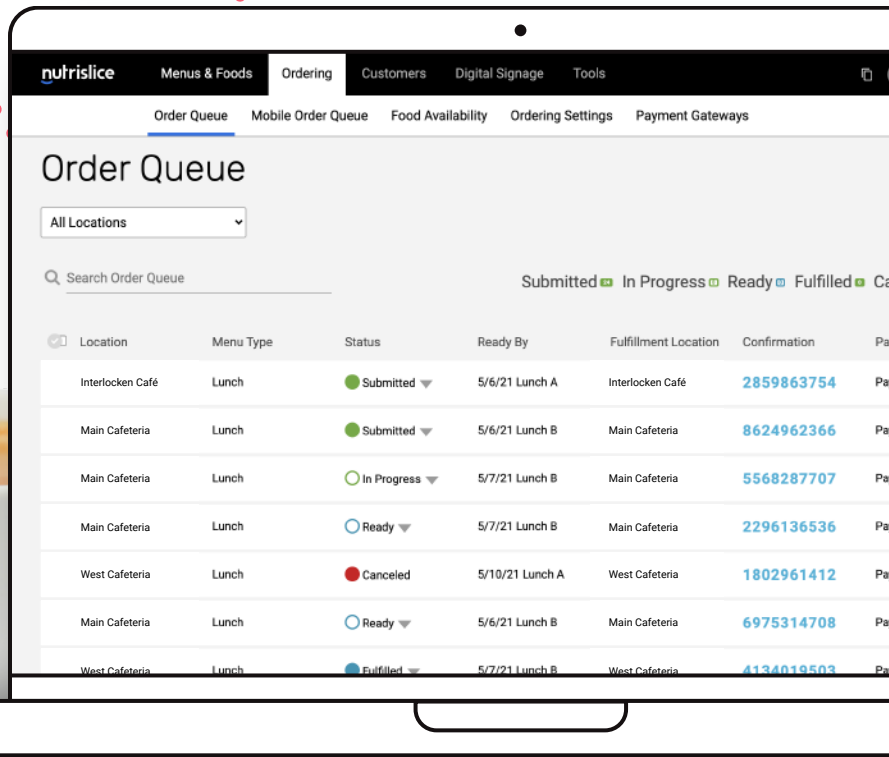

Image-focused layouts put the spotlight on your foods, while a streamlined add-to-cart and checkout flow makes ordering your delicious meals a snap.

### Easy & secure payment options.

Contactless payments? Yes, please! Give your diners quick and convenient payment options like credit cards, campus cards, pay with ID#, and payroll deduct.

## A foodservice experience that's delightful to deliver.

Nutrislice Pro gives you a comprehensive toolset to fully engage your customers and manage the service experience while making your operators' lives easier. It's a win-win-win with Pro.

### Smarter, safer, faster service.

Enhance operational efficiency with single or multi-day advanced ordering options that give your team time to keep up with inventory and prepare safer meals.

### Simple order management.

Process orders and send quick status updates to guests in an easy-to-use admin website made to help you tackle peak ordering times.

### Increase order size & count.

Drive ticket size and order frequency with customization options, a la carte items, and contactless convenience. With no service fees from Nutrislice, mobile orders won't cost you extra.

### Powerful reporting.

Quickly generate reports for orders & item counts so the information that's most important to you and your team is always at your fingertips.
